Abstract

Diplomatic relations deteriorated during the Indonesia's New Order make the most people in Indonesia blind with the development of ideas that occurred in Russia in a certain period. This short article describes about the history of psychology in Russia, while it also describes how the contribution of the scholars to the development of Russian domestic psychology. There were several debates in the history of Russian Psychology between idealism and materialism idea. Although in the Stalin era, the spirit of mechanical materialism became the basis of development of psychology in the Soviet Union, but the spirit of idealism and humanism still live secretly among their thinkers.
